MEMECITI
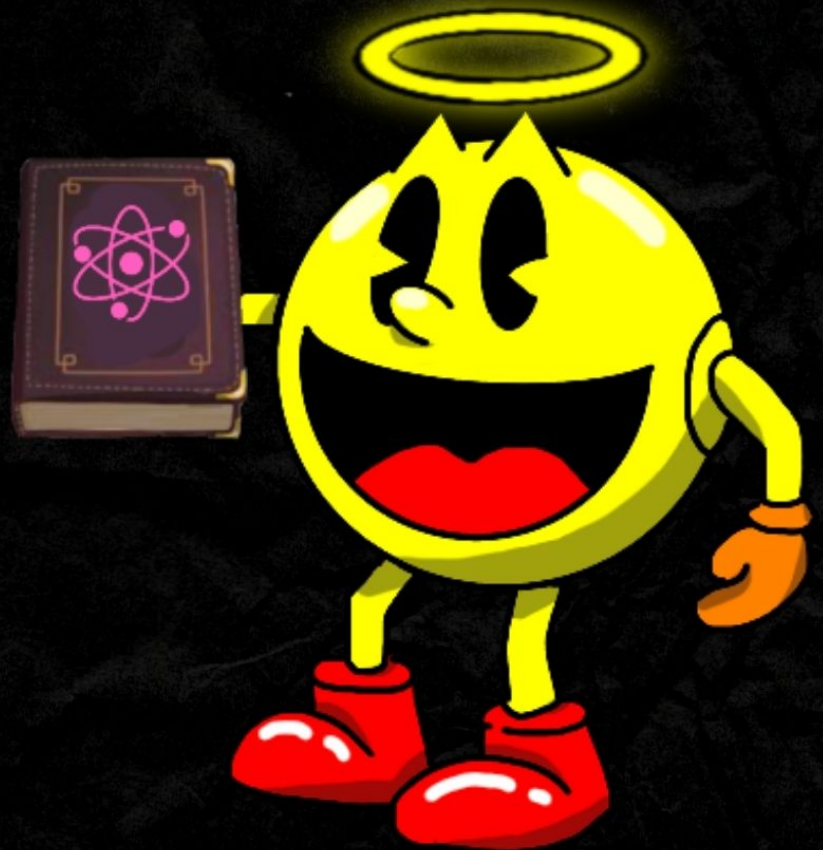

PROJECT WHITEPAPER

MEMECITI

OUR TOKEN IS UNCHANGED, BUT OUR BRAND IS REBORN.

In the world of Memeciti, we're not just building a blockchain; we're crafting a meme-powered utopia. Guided by the mystical vibes of the CITI faith and fueled by the wisdom of 道 (DAO), we're on a mission to elevate humanity with the magic of layer 0 blockchain technology. It's like the internet had a baby with a unicorn, and that baby is us.

Our journey through the Metaverse is like a meme come to life. We're creating a place where transactions are as smooth as a cat on a Roomba and interactions are as spicy as a fresh meme on a Monday morning. From our humble beginnings as a community token, we've evolved into a beacon of memetic brilliance, keeping the essentials real: trusty tokenomics, undeniable utility, and a burn rate hotter than the latest dance craze.

We've laid down the foundation of our digital wonderland, and now we're inviting you to join the meme dream team. Let's build a Memeciti for all, where your wildest digital fantasies become reality.

YOUR PROJECT TEAM

At the heart of our initiative lies a dedicated core team of multifaceted talents.

Our crew has several years of combined hands-on experience in the Cryptocurrency-Blockchain and Metaverse arenas, reflecting the depth and scope of our collective expertise. United by a shared passion for technology and freedom, we're driven to create and innovate. As our journey unfolds, we're enthusiastic about expanding our community and continuing to shape a metaverse that embodies our ideals and visions for the future.

"HAILING FROM DIVERSE BACKGROUNDS, EACH MEMBER BRINGS A UNIQUE FLAIR. WEARING MULTIPLE HATS, THEY SHOWCASE VERSATILITY AND ADAPTABILITY."

WORLD HOSTING

MEMECITI

When the creative minds behind the Memeciti $9GAG Token meme coin cryptocurrency project sought a unique space for their community, they collaborated with 3D1go. The result was a realm where every corner resonates with laughter, humor, and the creative spirit of memes. More than just a virtual city, MEMECITI is a sprawling expanse of wit and artistic flair, aptly termed the "Memeverse."

Stepping into MEMECITI is akin to diving into a world where each meme, joke, and piece of content has a life of its own, breaking the confines of traditional cityscapes and reshaping it into a universe that celebrates internet culture at its finest.

SERVICES PROVIDED

- **World Creation**: Crafting MEMECITI's unique atmosphere, ensuring every meme and joke takes on a life beyond the screen.

- **3D Modelling**: Designing vibrant and dynamic structures, landscapes, and iconic meme monuments that define the heart of MEMECITI.

- **Avatar Creation**: Enabling users to embody their favorite meme personalities or create their own unique digital persona in the Memeverse.

- **Presentation Technology**: Incorporating multimedia tools that allow the seamless display and interaction of memes and related content.

- **Server Administration**: Ensuring the continuous and smooth operation of MEMECITI, allowing users to immerse themselves without any hitches.

- **Hosting & More**: Providing reliable hosting services to sustain the bustling activity of the Memeverse, along with a suite of additional services to cater to NineGang's specific needs.

STARTUP ASIA X

We had the privilege of assisting Startup Asia X in launching their inaugural, curated virtual event—a testament to the future's possibilities.

But this wasn't just any virtual conference. It was a carefully curated and trusted network, born out of an ambition to highlight startup companies that prioritize collaboration and co-creation.

The event brought to the limelight startups endorsed by prominent startup hubs, ecosystem architects, and support programs from regions including Japan, Taiwan, India, and beyond.

SERVICES PROVIDED

- **World Creation**: Crafting dynamic virtual environments tailored to the event's unique vision.
- **3D Modelling:** Designing intricate and tailored three-dimensional structures for the virtual space.
- **Presentation Technology**: Offering innovative solutions for impactful presentations within the virtual world.
- **Server Administration**: Ensuring the smooth, secure, and uninterrupted operation of the digital realm.
- **Hosting & Beyond:** Delivering dependable hosting services and catering to other event-specific needs.
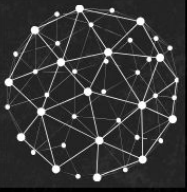

CLUB COLIZION

Club Colizion is a 24/7 virtual dance club which hosts live DJ parties every month.

DJs can play live from the comfort of their own homes. People from all around the world come to listen to their favorite tunes and dance or simply socialize with others.

Sit back and relax, have a drink, and listen to some sweet music.

SERVICES PROVIDED

- **World Creation**: Designing a vibrant and immersive virtual club atmosphere that encapsulates the essence of a real-world dance venue.

- **3D Modelling**: Crafting detailed and lively 3D structures, ensuring the club exudes an inviting and dynamic ambiance.

- **DJ Booth & Tech:** Equipping the virtual space with a state-of-the-art DJ booth, enabling live streaming and seamless musical experiences.

- **Server Administration**: Guaranteeing continuous, glitch-free clubbing experiences by maintaining and overseeing backend systems.

- **Hosting & More**: Offering consistent hosting for the virtual club, along with a suite of additional services tailored to Club Colizion's needs.
